DOROTHY K. ATKINSON, 1702 GROVE AVENUE, NORTH CHICAGO, ILLINOIS

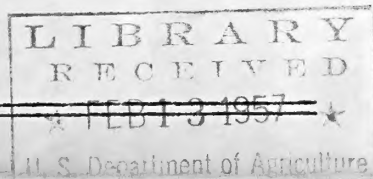

Thanks for your interest in our rooted African Violet Leaves. The enclosed list is a cross-section of dependable varieties both in older varieties, many new varieties and very new varieties. All leaves are cut from vigorous young plants free from any disease or nematodes. You may be sure that varieties difficult to grow because of inherited plant weakness never appear in our lists nor do new varieties that are of no worth, no matter how widely advertised they may be.

Leaves are shipped in two and a quarter inch, black Plymouth Pots, the same pots they are rooted in, therefore, there is no damage to the root system or the young plantlets.

Shipments are sent to you by PREPAID PARCEL POST, SPECIAL HANDLING AND INSURED. No other grower or shipper of potted African Violet leaves gives you this service FREE TO YOUR DOOR.

P R I C E: SIX different leaves (varieties) for \$4.00

You may order as many units of six as you desire providing each unit is six leaves of different varieties. WE DO NOT SHIP LESS THAN SIX LEAVES NOR FOR AN AMOUNT LESS THAN FOUR DOLLARS. WE DO NOT SELL WHOLESALE.
